**Commissioner for Patents**

The reply filed on 4/29/04 is not fully responsive to the prior Office action because of the following omission(s) or matter(s): applicant has amended the claims to include the use of a recombinantly produced microorganism which is not the elected invention- it is a patentably unrelated invention. As such there are no claims presented in the application which are drawn to the elected invention. That being said, it would appear that claims drawn to the use of "isolated lumichrome" are free of the prior art. See 37 CFR 1.111. Since the above-mentioned reply appears to be bona fide, applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
